Purpose

The purpose of the Friends of the Callahan Public Library, a non-profit group, is to promote and assist the library.

We believe an excellent library is essential to the community. Individuals, families, and local businesses are all encouraged to join and make a difference.

The Friends raise and receive funds for books, equipment, programs and other needs not covered by the library budget. Every dollar raised is used directly to support the Callahan Public Library.

What We've Done

Since its founding in 1995, the Friends have made significant contributions to the Callahan Public Library.

From funding special programs of community interest, to purchasing movies, books and equipment for use in the library to even providing refreshments to enjoy at programs and other special events.

Ideas are always welcome.

Joining the Friends is your chance to take part in helping to make our library successful.

Goals

- Encourage the community to use and enjoy the library
- Advocate for an excellent library, one equipped with staff, materials and facilities to serve the needs of our expanding community
- Raise funds for materials and programs the library recognizes as needs that are not in the budget
- Promote, through our various book sales, the continued enjoyment of reading high quality books made available at low prices
- Increase membership in the Friends to bring together concerned citizens who appreciate the value of the library and are willing to devote time, energy and thought to accomplish these goals.

It's Easy To Join

Three ways to become involved:
